

Dear Melissa's Race Community,

Melissa's Race invites you to join us as a sponsor of the 2024 Melissa's Race to Battle Brain Cancer 5k on May 4th. Melissa's Race strives to exceed previous event expectations. We hold our sponsors to the highest esteem and appreciate that our mission could not be accomplished without the commitment of our generous sponsors.

This event is in memory of Melissa Vosburg, a resident of Sanford and teacher at Midway Elementary School, who was lost to brain cancer in 2013. Since 2016, Melissa's Race has raised over \$465,000 and attracted over 8,400 participants to fund research in search of a cure for brain cancer.

Melissa's Race 5k event provides an excellent opportunity to showcase your business and your commitment to offering a helping hand to community members battling brain cancer. In addition to supporting an event where 100% of sponsorship donations are directed to supporting the Melissa's Race mission; the 5k event provides an exceptional opportunity for you to join like-minded business owners who believe in giving back to their community.

We hope you will join us in beautiful historic Sanford as work to continue our legacy of community, caring and support. Deadline for sponsorship is April 1, 2024, but to maximize your value and exposure, we recommend you commit as soon as possible. If you have any questions or would like to discuss your involvement further, contact Jeff Vosburg at (407) 556-9830 or jeff@melissarace.org. To learn more about Melissa's Race visit melissarace.org.
